INFORMATION DISCLOSURE STATEMENT

Commissioner of Patents and Trademarks Washington D.C. 20231

Sir:

In conformance with 37 CFR 1.56 and 37 CFR 1.97, a listing of known prior art is provided on the attached PTO/SB/08. The relevance of these documents has been concisely explained in the above referenced patent application.

Copies of these documents (together with certain translations) were provided in the parent application [Attorney docket: tes1; serial number to be specified upon receipt of such information from the PTO] filed on January 28, 2002 by the same inventor and entitled "RADIATION MEASUREMENT WITHIN THE HUMAN BODY". Pursuant to 37 CFR 1.98(d), since the parent application is being relied on for an earlier effective filing date under 35 U.S.C. 120, copies of the cited documents are not being resubmitted in the present application. However, applicant will resubmit copies if specifically requested by the Examiner.

Respectfully submitted,

David A. Testardi, Reg.33,639
